

RCA Program Management Action Planning Checklist

Consider an RCA Program at your organization:

☐

1. Does your organization have any form of Continuous Improvement program already in place? How could the RCA Program best practices be integrated?

☐

2. List the elements of an RCA Program you feel would be most beneficial to the failures occurring in your department experiences. Meet with your supervisor to discuss.

☐

3. What advice from the team about what causes RCA programs to fail did you find you related best with?

☐

4. What failure or type of failure would you recommend as a starting point to launch an RCA program at your organization? Why did you choose that?
