

FMEA Action Plan

Complete FMEA line items for your asset

Step 1: Choose four functions

Step 2: Choose four functional failures

Step 3: Calculate RPN

Step 4: Choose a maintenance strategy to reduce the RPN

Step 5: Share your highest-risk failure and how you plan to measure improvements based on your maintenance recommendation

Download the FMEA Tool from **RESOURCES** to get started.

Reminder

$$\text{RPN} = \text{SEV} \times \text{OCC} \times \text{DET}$$
